22%
increase in individual performance when sales incentive programs are implemented (HBR)

Rewardian delivers a flexible, points-based sales incentive rewards platform designed to drive measurable lift. With fully customizable earn logic and engaging dashboards, we can reinforce the right behaviors at the right time.

How It Works

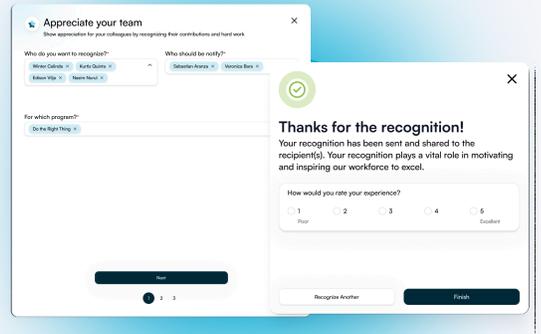

Toolbox For Your Success

Rule Flexibility

Configurable platform logic allows for dynamic sales based earn opportunities such as:

- Tiering
- Multipliers
- Bonuses
- Challenges
- Growth
- Product/SKU based rules
- and more!

Recognition

Build connection and trust with your team by recognizing their great work, closed deals, and high activity on the platform's public feed.

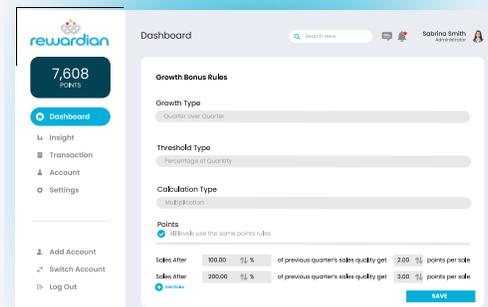

Peers can even engage, boost, like, and comment!

Gamification

Use points, badges, status tiers, spiffs, trackers, dashboards, and games to drive sales and other key behaviors.

Plus Rewardian gives you the ability to assign these either on an account-wide or targeted user-type level.

Additional Incentives

Ability to add additional point based incentives for just about any behavior a client wants to drive:

- Learnings
- Safety
- Referrals
- Attendance
- Net Promoter Score
- Enrollments
- Quality Assurance
- And much more
