

Rewardian Features

Microsoft Teams Integration

We bring recognition and rewards to where you work.

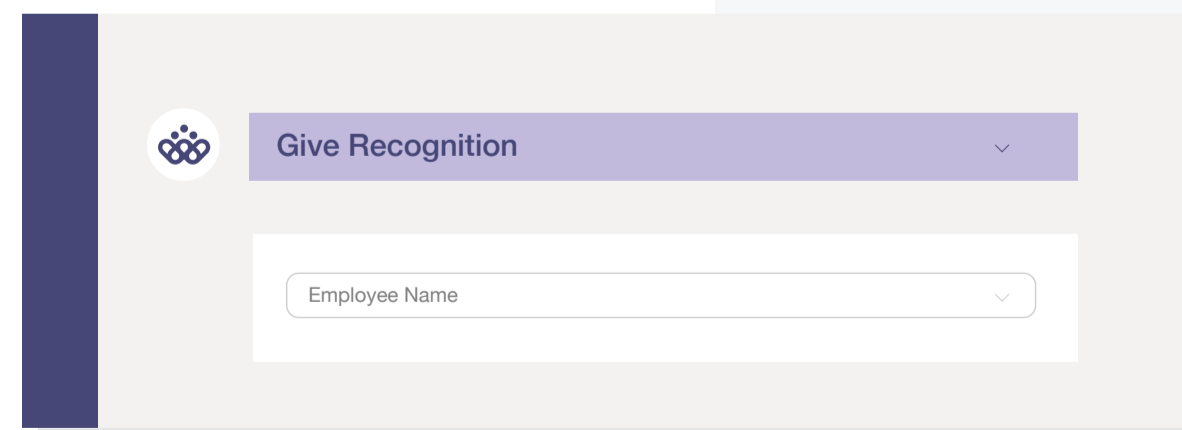

App switching can be disruptive, so we built a bridge to keep recognition relevant, easy, and seamless. You work in Teams, and so do we. Now recognize employees right from your Microsoft Teams dashboard without having to open a browser or remember another password.

Meet, chat, collaborate & reward

With Rewardian & MS Teams:

- Give employees recognition
- Check rewards point balance
- Contact support
- Track orders

Keep recognition top of mind
